

## Family and Themed Expeditions

### Family Expeditions:

Families or groups with children may choose a designated expedition tailor made for family entertainment. Family expeditions are available during summer time and other major holidays and will feature age-appropriate activities to make sure that our youngest guests have fun while exploring new locations.

### Themed Expeditions:

Whether you find inspiration in authentic gastronomy, wellness, fitness or yoga, photography, extreme sports or exploring unique natural treasures you can indulge your special interest in unique coastal locations on a themed expedition with Kontiki.
